

Ref: FOI 036 21/22 – Covid 19 Vaccination Uptake

I want to request the following information:

- The number of vaccines doses Kirklees CCG has received overall since 8th December 2020- 24th June 2021
- How many people have been vaccinated by Kirklees CCG since the roll out started on the 8th December 2020- 24th June 2021?
- Number of people who are eligible for the vaccine, but haven't had it

I would like a breakdown of the people who have received the vaccine by:

- Age (can be broken down into categories)
- Gender
- Ethnicity
- Race
- Area the recipient lives

I would like a breakdown of the people who are eligible, but haven't had a dose by:

- Age (can be broken down into categories)
- Gender
- Ethnicity
- Race
- Area the recipient lives

Response

The CCG does not hold the information you have requested. You may find the following links helpful:

<https://www.england.nhs.uk/statistics/statistical-work-areas/covid-19-vaccinations/>

<https://coronavirus.data.gov.uk/details/about-data>

Over half a million vaccines have now been delivered in Kirklees. The vaccines are not delivered by the CCG, but by partner organisations such as GP and pharmacy led sites, hospital hubs and community-based sites. Please note that not all people vaccinated in Kirklees are resident in the area. Likewise, Kirklees residents have the option to be vaccinated outside of Kirklees.
