

Ref: 67FOI21.22 – Tier 2 Weight Management**Request**

I would like to please request the following information with regards to your Tier 2 weight management service, if applicable:

How many patients do you believe are eligible in your CCG?

How many patients do you currently have on your waiting list?

How many patients have you referred in the last 12 months?

Response

The CCG does not hold this information. Tier 2 weight management services are commissioned by the local authority, in this case Kirklees Council. Should you wish to redirect your request, they can be contacted at: freedom.info@kirklees.gov.uk
